

Executive Assistant *(Maternity Cover)*

We are one of the great British art schools: a specialist creative university that draws on our 180 years of history. As a university, we excel in our disciplines and understand powerfully the transformative potential of creative practice for individuals, communities and industries.

For further information about Norwich University of the Arts and our community please visit norwichuni.ac.uk

As we expand our specialist character and bring the power of creative, practice-based education to a wider range of subjects, we celebrate diversity and believe it to be at the core of any creative endeavour. Whatever your background, identity and prior experience, wherever you are from, we want you to bring your whole self to work each day, in an environment that recognises your unique contribution.

In choosing to work at Norwich University of the Arts, you will join a community of creative academics, technicians and professional experts who are committed to delivering exceptional Creative Education, Research and Knowledge Exchange. You will work in a stimulating and critically engaged workplace, where the creativity of all our students will develop because of your commitment.

We are the only specialist creative arts and design university to have achieved Triple Gold in the most recent Teaching Excellence Framework (TEF) and were named Arts University of the Year 2025 by the Daily Mail. In 2023, we were the highest climber in the Complete University Guide and recognised as the top specialist creative arts university outside London. This year, the Guardian University Guide 2026 ranked us as the highest-rated university in the East of England after the University of Cambridge.

You will work in the heart of Norwich. Our award-winning campus has played a key role in the regeneration of one of the city's most vibrant quarters. Our 21st-century teaching spaces and workshops occupy renovated buildings with medieval, Victorian, and Edwardian heritage. The University has recently expanded with Bank Plain, a 37,000 sq. ft city-centre building — a major investment that reflects our ambition to be a leading civic university championing creativity in all its forms.

Ninety-four per cent of our graduates are in work or further study within six months of graduating. Our innovative approach to employability and entrepreneurship has been nationally recognised, and our graduates hold key roles across and beyond the creative industries — from Oscar and BAFTA nominees to D&AD Pencil winners, fine artists, designers, and creative technologists. This track record gives us confidence that our success in graduate outcomes will continue as we apply our distinctive culture and practice to an expanding range of specialist subjects.

Creativity is not only what we teach but how we engage with the world. Through our Research and Knowledge Exchange Institutes, we lead cross-disciplinary projects that address social, cultural, and environmental challenges — from immersive digital experiences tackling climate change to arts-led initiatives in mental health. At the centre of this work is the Interactive Visualisation and Simulation Lab (IVSL), funded as part of the Creative Research Capabilities (CResCa) world-class labs programme.

The IVSL supports research into climate futures, virtual heritage, spatial computing, applied games, and virtual production. Our growing research reputation is also reflected in recent grants and collaborations, including a major award from the Water Restoration Fund (WRF). These achievements demonstrate our expanding contribution to creative innovation, cultural development, and social impact — shaping the future of creative higher education in the UK and beyond.

We hope that as you learn about us, you are inspired by our ambitions for the future.

Professor Ben Stopher,
Vice-Chancellor
