

## Norwich University of the Arts

### Course costs: BA (Hons) Acting

The University provides an extensive range of high-quality workshops with extended opening hours, hardware, software and technician support. A wide range of professional equipment is available to Acting students for loan from the University's Media Resource Centre, making it possible to successfully follow your course of study without making additional significant personal investment in equipment - unless you opt to do so. The University also provides a range of arts, design, architecture and media-related products at discounted rates to our students.

The University is aware of the range of pressures on student finances, and of the need for you to be able to plan effectively over the duration of your studies. Hence the University continues to work closely with student course representatives and the Students' Union to put together a basic guide to the scale and type of costs to help you manage your budget as you follow your chosen course of study.

The variety of work produced by our students is huge, and whilst we have tried to indicate typical study costs, these cost indications cannot take into account individual choices you might make about your work or optional special production costs based on personal preference.

In your graduating year, your final presentation or showreel is an important element not only for your final assessment, but also for your future employability; this promotion is a key outcome that will help you make the successful transition from Norwich University of the Arts into your chosen performance or graduate job.

Please note that Educational Study Visits are not included in the tuition fee as these are optional enrichment activities. If you do not wish to join such activities, this will not adversely affect your studies, and your course will be able to recommend cost-neutral alternatives.

We have indicated typical study costs and optional items below:
